

Unusual educational institutions

In most cases, people travel to see something new, few people goes to learn, but nevertheless, there are some schools for which it is worth to organize another trip. In most cases, people rejoice in the end of the study, but in unusual educational institutions, this joy may turn to sadness.

So anyone can enter the school of magic that is open in California since 2002. Everyone will be taught occult magic, and at the end will issue the appropriate diploma, and it will be fully official. Training is available in several different specialties, and there is no age limit.

And in Reykjavik opened a special school for those who are not indifferent to the elves. In the school the student will tell all about the elves and teach proper interaction with other unusual creatures. At the end of training, students receive an official diploma.

For those who are partial to Italian history, and especially to Rome, offers courses of gladiators. The training will teach everyone to fight, wield a sword, and refresh your memory about the history of ancient Rome.

There are schools that teach to be a fantastic character. So practically all over the world there are schools and courses that will teach a person to be a mermaid. Practice enables learning to swim with a tail and how to hold your breath. To learn all students regardless of gender. The first such school was opened in the Philippines.

Virginia is the only educational institution in the world in which a person is taught to control dreams (to control lucid dreams) and out-of-body travel. To school accepted everyone, regardless of age or Outlook.

Parkour as an extreme, but common activity, known for a long time, because in USA there is a special school, where experienced masters of this art are taught to all beginners correctly and quickly to conquer any surface. For classes there is a rather large area with very diverse platforms.

In Italy, since 2003 there is a ice cream University, which will train their students in all subtleties of manufacture of ice cream treats.

If a person loves the New year, he can get training at the school of Santa Claus. In the process of studying man not only becomes a real Santa Claus, but also examines all the traditions and history of the holiday, learns how to apply work makeup and pick up clothes. Also students are taught [do my essay for me fast](#) to handle and care for deer.

It's not all unusual educational institutions in the world appears more and more similar places, and completely legal. Because if you don't want to learn in a boring school, then go to one of the above institutions. If not knowledge, new acquaintances and impressions you just provided.
